

NEBOSH Health and Safety Management for Construction (UK)

Lay the foundations for healthier
and safer construction

A practical qualification that gives you the skills
and confidence to take on health and safety
responsibilities in the construction industry.

Details of how to find a Learning Partner can be found on the 'Where to study' section of our website portal.nebosh.org.uk/Studying/

Who's it for?

The NEBOSH Health and Safety Management for Construction (UK) qualification is ideal for:

- Construction site managers
- Contracts managers
- Site workers with health and safety responsibilities
- Construction health and safety advisors.

It also makes excellent continued professional development (CPD) for health and safety professionals working in other industries or looking to move into construction.

How will it help me?

Gain invaluable knowledge, practical skills AND a globally respected qualification that supports your role:

- **Technical know-how** to comply with legislation and implement best practice
- **Practical skills** to apply back in the workplace
- **Confidence to influence** your colleagues to work more safely
- **Ability to adapt** to changing workplaces and sites
- **Meets the academic requirements** for the issue of the 'Academically Qualified Person' CSCS Card.

What will I learn?

Aligned to Construction (Design and Management) Regulations 2015 (CDM) regulations, the NEBOSH Health and Safety Management for Construction (UK) qualification is guided by legislation but focussed on best practice. With an emphasis on practical application, successful learners will be able to:

- Recognise, assess and control a range of common construction hazards
- Develop safe systems of work
- Take part in incident investigations
- Advise on the roles, competencies and duties under construction legislation
- Positively influence health and safety culture
- Confidently challenge unsafe behaviours
- Help manage contractors.

Course structure

This qualification can be studied as:

- Face-to-face – minimum of ten working days, including assessments
- Part-time day release (spread over at least ten weeks)
- Open, distance or eLearning.

Assessment

Open book examination based on a real-life scenario. Learners will have 48 hours to download and complete their assessment.
